

Junior .NET Developer - Detailed CV

Name: Bilal Ahmed

Email: bilal.ahmed.dev@example.com

Phone: +92-301-7654321

Location: Islamabad, Pakistan

Professional Summary:

Junior .NET Developer with hands-on experience building full-stack web applications using ASP.NET Core, C#, and SQL Server. Skilled in developing REST APIs, database design, authentication systems, and modular application architecture. Experienced in building production-style projects with clean architecture principles and deployment workflows.

Technical Skills:

C#, .NET Core, ASP.NET Core Web API, MVC, Entity Framework Core, SQL Server, Dapper, JavaScript, HTML, CSS, Git, Docker basics

Projects:

1. E-Commerce Web Application (Full Stack ASP.NET Core)

- Built a complete e-commerce system with product catalog, cart, and order management
- Implemented REST APIs for frontend integration
- Used Entity Framework Core for database operations
- Integrated JWT authentication for user login and role-based access
- Optimized queries for better performance

2. Hospital Management System

- Developed modules for patient registration, doctor scheduling, and appointment booking
- Designed relational database schema in SQL Server
- Implemented layered architecture (Controller, Service, Repository)
- Added admin dashboard for monitoring hospital operations

3. Task Management System (API + Frontend Integration)

- Built RESTful APIs for task creation, update, and deletion
- Implemented user authentication and authorization
- Connected backend APIs with a simple React frontend
- Added filtering and status tracking (Pending, In Progress, Completed)

4. Inventory Management System

- Created system for managing stock, suppliers, and purchase records
- Used stored procedures in SQL Server for optimized performance
- Implemented reporting module for stock analytics

Experience:

Software Developer Intern – Tech Solutions Pvt Ltd

- Assisted in developing ASP.NET Core APIs for internal tools

- Worked on bug fixes and performance improvements
- Participated in code reviews and agile sprint meetings

Education:

BS Software Engineering – COMSATS University (2021–2025)

Relevant Subjects: OOP, Software Engineering, Database Systems, Web Development
